

Kindergarten Sight Words

1st Nine Weeks

11 Words

Book and Video

Created by:

EAST @ Gardner Students

Be sure to check out this book in its VIDEO format.

If you are at school, you or your teacher can find it saved in the school's network folder. Your teacher can help you with this.

If you are away from school, but have Internet connection, you can view this book in its video format on YouTube.

Directions:

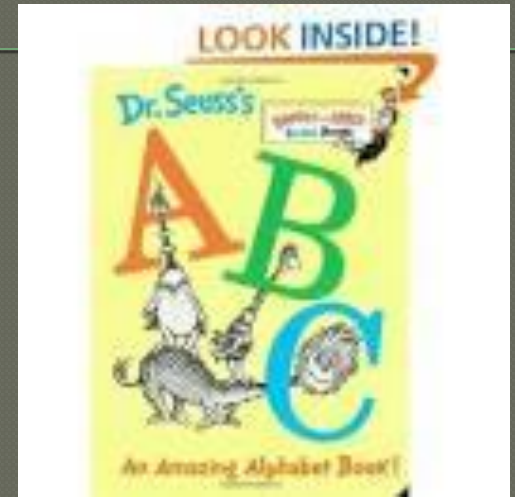

- 1) Open YouTube.com
- 2) In the search box from the YouTube site, type in – eastatgardner
- 3) Click on the search icon/symbol.
- 4) You should see our username “eastatgardner” and be able to click on the video you wish to view.

You will also see a list of other videos – public service announcements about current events at Gardner, book talks, and much more to come. Thank you for visiting the EAST @ Gardner Students' on-line publications!

a

This is a book.

no

- I said **no** food.

see

I see a ship.

red

The stop sign is
red.

blue

- The sky is blue.

like

I like the
color red.

I

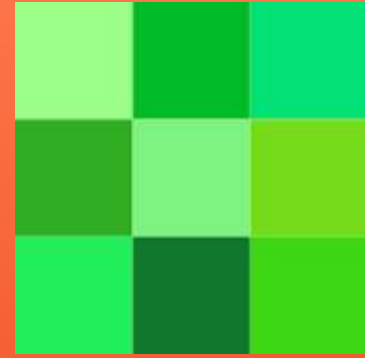

I love my
dog.

the

I like the
red school.

green

I like the
color green.

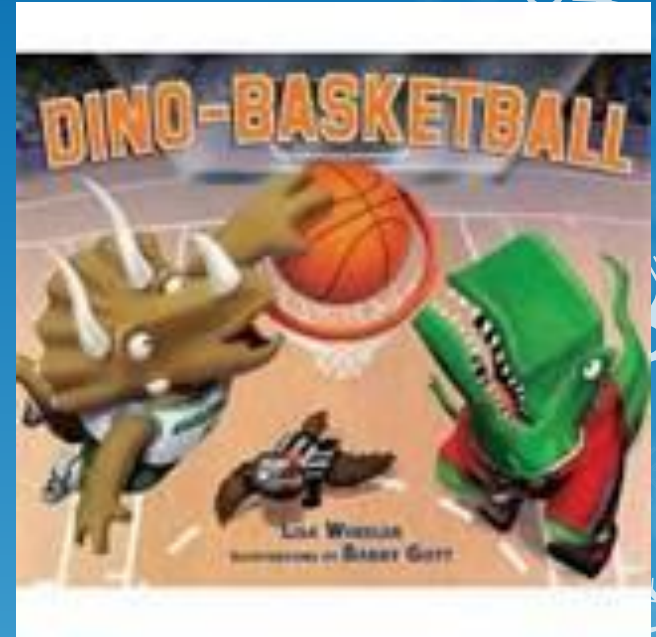

yellow

The flower

is yellow.

my

I love my
book.

This Book was Created By EAST @ Gardner Students

What is EAST? environmental and spatial technology

The EAST model of education features student-driven service projects accomplished with the latest in technology. EAST classrooms are equipped with state-of-the-art workstations, servers, software, and accessories, including GPS/GIS mapping tools, architectural and CAD design software, 3D animation suites, and much more. Students find problems in their local communities, and then use these tools to solve them. EAST's focus, however, is not on technology itself, but on the unique learning environment of the EAST classroom.

In EAST, students are responsible for creating their own lesson plans. There are no lectures and no tests; instead, the students are guided by an EAST facilitator (a teacher trained in the EAST process). This radically different approach to learning yields tremendous results. Students are better-prepared for their future, and they care more about learning and serving their communities.
